

February 28, 1921.

Mr. M. F. Partridge, Secretary, M. R. A.,

104 Mount Auburn Street,

Watertown, Mass.

Dear Malcolm;

I am inclosing a letter from A. O. Niedner regarding a special medal or cup due him for making a "possible" at 100 yards with the 22 R. F. cartridge. When you get a chance will you see if you can find a record of the directors having voted to give any such trophy, and if so what it was supposed to be. I don't seem to have anything in my files to throw any light on the matter.

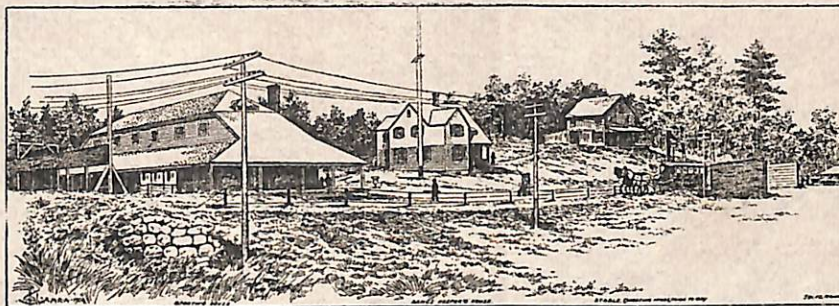

Yours truly,

W. L. DARLING
Treasurer.

1 inclosure.

P. S. I am inclosing report of winners of various matches during 1920 which I suppose should be in your hands as Statistical Officer.

Dear Wallace:

I am enclosing two applications for membership, and request that same be returned to me when paid. These applicants were elected on January 28th. At the same meeting the resignation of Francis B. Crowninshield was accepted.

Adolph O. Niedner was elected an Honorary Member at the annual meeting held on January 11th.

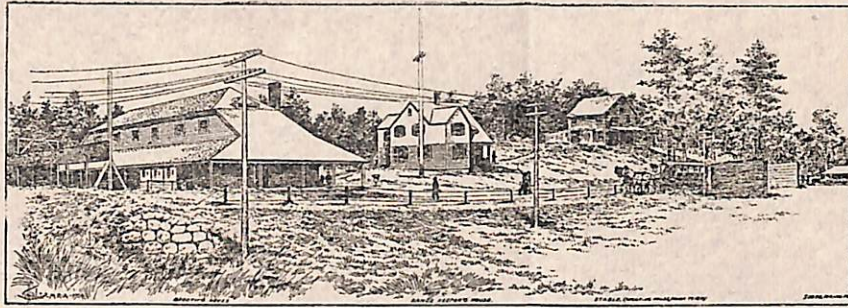

I am writing William A. Natale to the effect that he has never been a member as a result of failing to pay dues within four months of election.

If you desire some of this stationary, let me know.

I may call at your office on Monday, February 7th to check up my membership list.

Very truly yours,

The bill of the Secretary for \$23.12 was
approved for payment.

The club voted to enter a team in the out-
door league of the New England Rifle & Pistol Association
without incurring any expense to the club.

It was voted to authorize the Treasurer to
have the die for the Victory medal repaired.

Dear Wallace:

Will you kindly address and mail the enclosed letter. I brought my work down to the beach and forgot to bring Hubbard's address.

I sent the bond to Clark and Clark and enclosed my personal check for \$3.00. Other expenses in connection with this bond were, revenue stamp, 50¢, and registration, 10¢. Therefore you might mail me a check for \$3.60 which will settle my account with the club.

Have not received the check for \$6.95, but expect to find it when I return to Boston next Wednesday.

I shot my fifty shot match last Friday night and made 500-472, which is the highest score turned in to date. Gerrish missed his last shot. You may be sure he was disgusted. Why don't you enter this match? I have an extra set of targets at the Club.

I have received the official rules for the National Matches and it looks as though each member of the team will be obliged to furnish his own rifle and ammunition. I also had a letter from the Director of Civilian Marksmanship to this effect. It is a good thing that we have plenty of ammunition on the way. We may need it.

Dear Wallace:

Your letter of the 26th enclosing bill from
Mr. Hinman, received. I don't know anything about this
bill. I think I saw some targets in the office but they
may have been that order of "thirty".

I have ordered 500 targets from the Remington Arms
Company. If these arrive before the others are used up
we might return them for credit.

Be sure and bring out a lock on Saturday.

state team used the range on the basis of \$5.00 per day. As the Association owes me \$16.67, and as I am spending the balance on a score card plate, I will render an account later.

I suppose that Adolph gets \$3.00 per Saturday for work on the range. Have never seen him give that amount of value and do not think this should be charged up to the Statistical account as after the state team gets thru shooting it will look like a deficit every month. Of course some of the members are shooting on a subscription rate. However I think the new system is working much better than that formally in use. It should show a gain over last year.

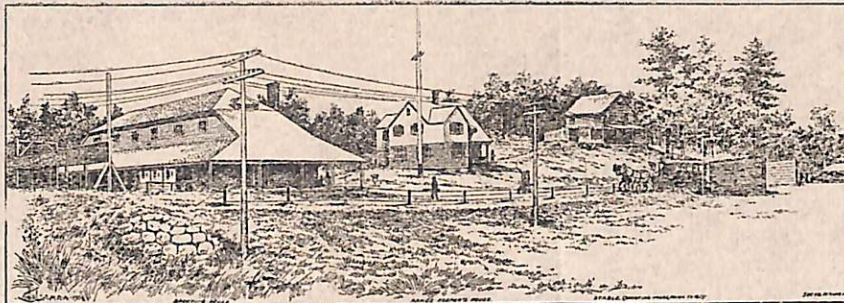

Will undoubtedly call to see you on Monday in regard to the state team. Was out to the range to-day, Sunday, all day. Harvey, Langille and Cutting were there, and some good scores were put up. Cutting shot a 97 at 600 yards.

Dear Wallace:

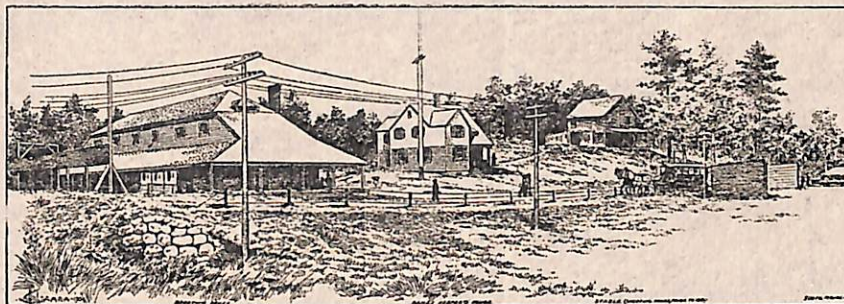

In checking up the shooting reports with your letter of the 17th I find that C. G. Bills has signed as a subscriber on the rifle range. I suppose that he intends to come under the \$6.00 rate. G. F. Hoffman should get a bill for \$3.00 to cover pistol range. Fennell has given him the privilege of using the range upon payment of range fee.

I got my shooting case to-day and it is ok. Cost \$12.45 for the copper work. The wood work cost \$1.50. Now for the leather. I may have the case tined as it will prevent same from turning green. Ned will give me a note to Chadwick Lead Co. to-morrow.

Be sure and bring the medals to Walnut Hill next Saturday.

I am returning for your files the application of Charles H. Coleman for membership in the Association which was acted on at the meeting last night. I am also inclosing his membership card which you can forward with your letter of notification.

I went out to the range this afternoon and there was quite a party there considering the threatening weather. Kirkwood and his sister and three others were out in their machine and shot at the traps all the afternoon. Kirkwood says he is going to fix up a 22 rifle and come out Sundays and do some shooting. I told Perry that you were going to fine him for being absent from the meeting. He said he had to go out of town and forgot all about it. Gerrish and Gibbons were down looking over the 300 yard butts so I am in hopes that it will be fixed up now before long.

me into apartment life.

While I hope to attend the

doubtful if I'll be able since I
am looking forward going to a
hospital soon for a mechanical job.
My doctor, who will be back in
a few days, thinks that it might
be a good idea to straighten out
some damage when he claims I
pulled myself apart some time ago.

There is one other point. While I am now a director I feel that the Club would gain if some one of the young members would take my place; so at the earliest moment I will take ^{further} no part in the inner activities of the Club but surely hope to enjoy my membership in the Club for some time.

So, if I am not with you at "The Dinner" please speak to Bob Gibson about this last matter.

Dear Mr. Morrill:

I have intended dropping a line to some of the gang at the "Hill" for some time but moving and getting settled has taken a lot of time and so the notice from the Treasurer has given me a good excuse to get to work and write a letter.

I resigned from the club prior to leaving Fort Devens last January so probably do not owe any dues. My resignation was accepted but ^{as usual} the treasurer was not notified. Sorry I can not take the Club along with me where ever I go or else not have to go. Rather hard business leaving a bunch of fine fellows like the gang at the hill. However, I will probably some day get a station close enough to make occasional visits to the old stamping ground.

Trust that by this time things are in full swing in so far as the matches at the Hill are concerned. What with the team going to Bisley and all the other shooting going on, the club should prosper and continue to be the one real club in New England.

Please give my very best regards to the members at the Hill. Wishing you the very best of luck in the coming season, I am,

Very truly yours,

My dear Treasurer:

At a meeting of the Directors on Sunday, September 25, 1938, at the range, it was voted to confer a life membership in the Association on Orin E. Gerrish.

Mr. Gerrish, as we all know, has been a member of the Association for a great many years, and, at the present time, while not incapacitated, he has been unable to find any employment. This club means a great deal to him, and it is my feeling, as well as that of a majority of the Directors, that he continue to come to the range from now on as a guest of the club. "Cap" has always been ready to lend a hand in anything going on at the range during all these years, and we would perhaps miss him almost as much as he would miss the club.

Will you kindly forward to him his card, so marked that it will be recognized as a permanent membership in the Association, free of dues.

Dear Mr. Morrill:

I am enclosing herewith the bill for the driving of the well on the range. Will you kindly send a check in payment thereof.

As I said yesterday, it is most unsatisfactory the way the sale of the tickets for the outing turned out. It was called to my attention about 4 o'clock that about \$11 worth of tickets had been sold, and that neither the stubs nor the money had been turned over to the League. Accordingly, I left with both and got them over there, feeling that, since the Club was charged with the responsibility, it might cause considerable trouble if they were not delivered. It seems to me that, in the future, it would be better not to leave tickets for the Club as such unless someone is willing to take the responsibility of taking care of them. If any of the individual members want tickets to sell, it is perfectly all right, but of late there has been no interest on the part of our Club in the outing, and the small benefit we derive does not make it worthwhile to us.

Mr. Whipple, of course, expected that you would be around yesterday to pick up the money and the stubs, not realizing that you would be otherwise occupied.

Very truly yours,

G. E. Thompson
